

MIDDLE EAST TECHNICAL UNIVERSITY

Established in 1956 with a mission to serve not only Turkey but also the Middle Eastern and Eurasian regions, Middle East Technical University (METU) is Turkey 's most prominent university with an expressly international mission and profile.

METU has a well deserved reputation based on its excellence in education, strength in scientific research, and fostering cultural diversity and creativity. The more than 80,000 METU graduates are today among the most sought-after engineers, managers, and leaders worldwide.

Being an internationally recognized leader in scientific research and development, METU has made significant contributions to the international scientific community, as well as to the industrial and business world in Turkey and abroad.

METU has integrated its scientific research and educational excellence with an outstanding leadership in community service. It is a leading institution for pioneering in high-tech projects and is relied upon for introducing major innovations to Turkish society.

With its Northern Cyprus Campus, METU is also the first Turkish university to open a campus outside Turkey. METU is now in Northern Cyprus with its 50 years of excellence in education, research and community service.

METU Northern Cyprus Campus: 50 Years of Academic Excellence Now In A Brand New Campus

METU was invited by the Turkish and Turkish Cypriot states to establish an international campus on Northern Cyprus to serve the international community. METU Northern Cyprus Campus (NCC) is a major investment project financed by the state and it enjoys the full academic and administrative support of METU.

With its excellent facilities, exceptionally qualified faculty, and highest international standards in teaching, research and community service, METU NCC offers internationally accepted degree programs. The language of instruction on the Campus is English. From the very outset, METU NCC, in keeping with the METU tradition, has aimed at becoming a select higher education institution.

METU Northern Cyprus Campus offers

- * Internationally recognized degrees
- * Exceptionally qualified international faculty
- * Flexible and interdisciplinary programs
- * Teaching in small groups, and close contact with the faculty members
- * Outstanding learning environment and exceptional career-building opportunities
- * Modern, high-tech Campus with excellent facilities
- * Academic excellence at very affordable cost
- * A wide range of activities, rich international academic and social interaction in a multicultural environment
- * Location in a peaceful, warm, friendly and multicultural Mediterranean island

METU Northern Cyprus Campus provides its academic staff with satisfactory salaries and good quality accommodation.

Campus Life

METU North Cyprus Campus is built on an area of 3,000 decares, approximately 50 km west of Lefkoşa (Nicosia) and 6 km north of Güzelyurt (Morphou), a charming town with a population of 12,000.

METU Northern Cyprus Campus offers exceptionally favorable student-instructor ratios and small classroom sizes. The students form a close-knit community with the faculty members and administrators, and easy access to instructors promotes outside-the-class learning. In addition to its state-of-the-art education and lab facilities, METU Northern Cyprus Campus, as an e-University, offers all the amenities of high-tech information services, such as digital library, widespread access to computing, high-speed internet and cable TV. The Student Associations and Student Activity Center, Campus shopping area, indoor and outdoor sport facilities (to include an outdoor swimming pool), the Cultural and Convention Center, cafeteria and canteens provide a full line of social and cultural facilities to the students and staff.
