PQ Feb 29: Introduction

CW March 14: Solid model creation in AutoCAD-right prism, revolved feature, hole, channel, oblique surface

PQ March 18: Template selection, background color, status bar customization, lineweight setting, drop-down menu bar, screen shot

CW March 28: Solid model creation in Inventor

CW April 4: Solid model creation in Inventor; revolved body, Excell data import to Inventor, view creation in Inventor

PQ April 25: Solid model editing, resizing solid models, solid model exporting to other software using toolsof Inventor
